Adaptation, repair, recycling & relocation of released pews including 13 pews released in 2023 and 1 other pew in the porch, released on a previous occasion.

**DAC Certificate Conditions: -**

1. That details of the works are entered in the Log Book so that a record is kept of what has been done

**Case No:**

To repair door pistol on church tower door, as the doors have dropped and do not close together, causing a gap and drafts.  
There are some minor adjustments to hinges on the main church door to lift the doors and stop then dragging when opening and closing. The lock on this door needs servicing/ cleaning.  
The front doors in the choir do not open properly and are currently unusable, the frame requires securing to the stonework and new butt hinges need to be fitted. This work can be tied in with repairs to masonry on the external areas of the church, if our NLHF application is successful.
