Together

The Cathedral Community are taking to the road to find a temporary home with the places that make up the Diocese of Leicester.

During 2022 and some of 2023 the Cathedral building will mostly be closed for the major development project that is *Leicester Cathedral Revealed*.

On **Sunday afternoons** we would like to come and be with you to receive your hospitality and to learn from your context. We'd enjoy **sharing music** from our choir; the clergy are happy to **preach or speak**; we'd value **sharing our stories** and any little bit of wisdom we have gleaned as we have tried to serve our communities.

We also want to **learn from you** how to do it better and how to help everyone share in our life because the Cathedral primarily belongs to the Diocese – **it is yours**. As we grow deeper relationships then we hope to discover more how to assist or support one another in the longer term.

Hands of Freedom, Vishal Joshi

Please get in touch as we start to plan with you a series of services and events that will encourage and assist you in your community – maybe a big Choral Evensong, or a service to mark a special moment in your community, a sung Communion Service or a sung Compline or perhaps an event to reconnect with your village or to raise funds or to hear stories of faith and pilgrimage shared by a very diverse group who make up the cathedral community.

There are no strings and this is simply the offer of a gift and we very much hope we can meet many more of you and build up our diocesan family.

In the first instance, please contact CathedralBookings@LeicesterCofE.org to explore what could happen in your parish, benefice, school or fresh expression of church.

Please note: The Bishop(s) and Archdeacons organise their own parish visits. They may occasionally join in with the Cathedral Community when out in the Diocese.
